Number Bond Pairs!

You will need: Paper and a pen each.

Both players need to write

10, 9, 8, 7, 6, 5, 4, 3, 2, 1, 0

on separate pieces of paper to make number cards.

Place the cards face down. Taking turns, choose two cards. If the cards create a Number Bonds of 10, then the player keeps the cards. The player with the most cards by the end of the game wins!

Draw

Fill in the gaps to complete the number bonds to 10. Then have a go colouring the rainbow!
