

GLOSSARY

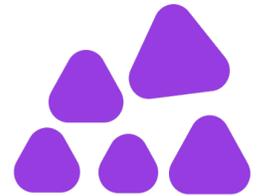

In this lesson you will come across words such as:

Influence

When something or someone changes the way you think, feel, or act. For example, friends can influence your choices.

Peers

People who are the same age or have the same interests as you. For example, your classmates.

Echo Chamber

An echo chamber is a situation where people only hear or see opinions that are the same as their own.

Algorithm

Social media platforms like TikTok will use an algorithm to remember which content you watch and how you react with it.
