

Benny's tiger twist

A dance exists, you don't wanna miss.
I'm here to tell you that it's called the tiger twist.

So step like this. It's hard to resist.
Anytime you wanna you can do the tiger twist.

To do the tiger twist, make your shoulders twitch.
Put your hands in the air, and with a flick of the wrist.

Now you're feeling fine, bounce your body in time.
Twist from the wrist down to your waistline.

Turn to the left. Now what comes next?
Push down to the ground with every step.

Turn to the right, oh what a sight.
Terrific tiger twistin got me feeling alright.
