

## How to make a potion to turn your teacher into a toad

Have you ever wished you could stop your teacher talking?

Have you ever been sat in a lesson and wished you could go outside and have extra playtime? Or not have to do any work for the whole day?

If your answer is yes, then this is the potion for you to make!

Mix up the ingredients, and under the right conditions, you can turn your teacher into a toad!

There will be no more homework and you can look forward to longer playtimes, as a toad can't tell you what to do!

### Ingredients:

- 3 banana skins
- 2 eyes of newt
- A mouldy apple that you have mashed
- 12 blue bottle flies
- 4 toad legs (they must be left legs, not right)
- A jug of pickle juice
- A squirt of whipped cream

### Instructions:

1. First put a pan on the hob over a low heat.
2. Put the pickle juice into the pan and wait for it to boil.
3. Next, add the mashed mouldy apple, banana skins and eyes of newt.
4. Stir and let it all bubble for 15 minutes.
5. Once the mixture smells like rotten eggs you can add the flies and toad legs.
6. Put a lid on the pan and leave the mixture to simmer for 3 hours, stirring occasionally.
7. Then put the mixture into a blender and blend it for 3 minutes until smooth.

8. Finally add a squirt of whipped cream and mix it into the mixture.
9. Pour the mixture into your teacher's morning tea or coffee and make sure they drink every drop.
10. They will instantly transform into a toad for 24 hours!
