

# Our perfect school

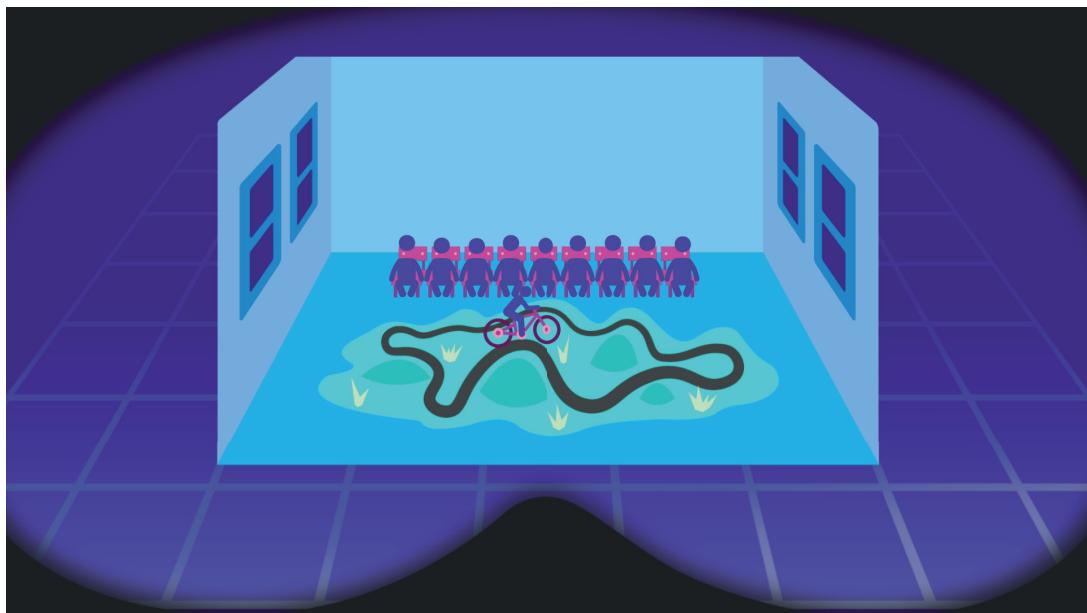

Here we go! Let's **design** our **perfect school**. Hmm a dinosaur, a robot...

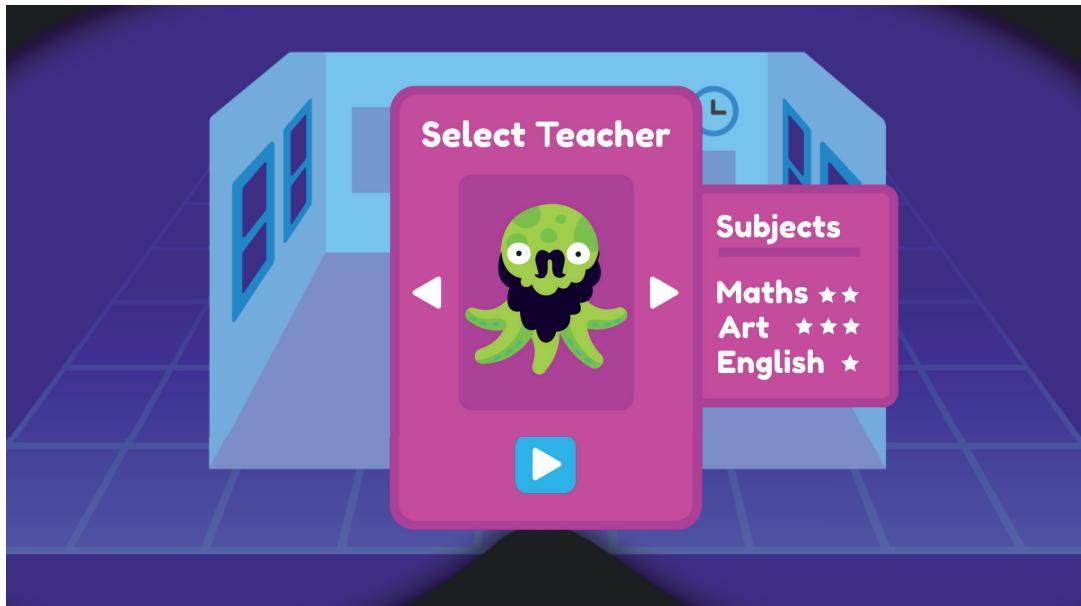

...great choice, a **crossing patrol** will help us get there safely.

A School hall. Now we have somewhere for **assembly** and **activities** like... **mountain biking**?

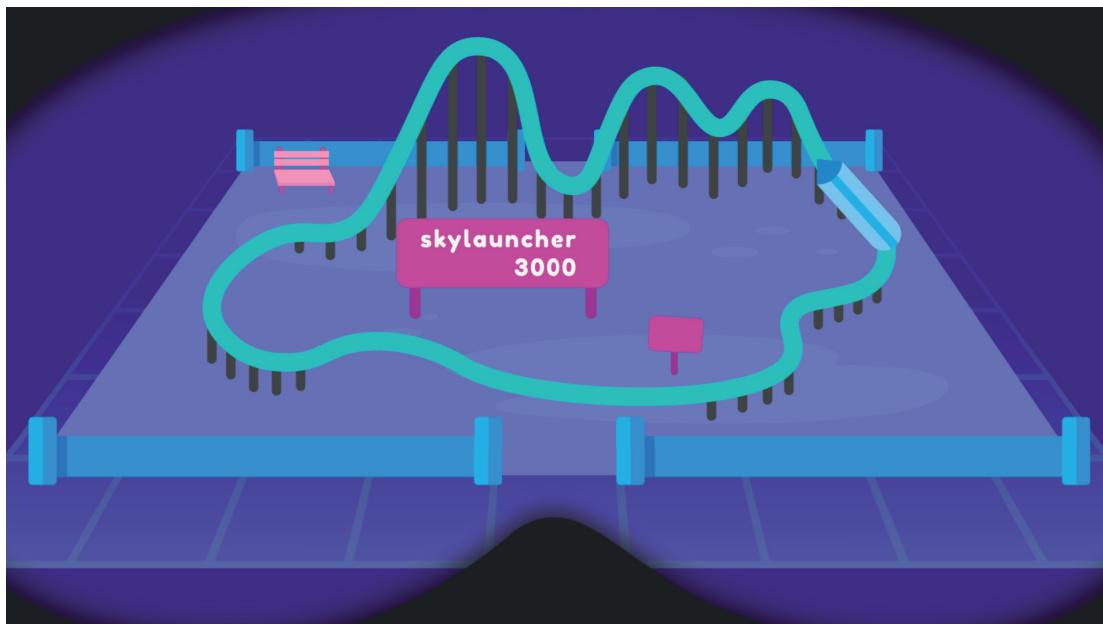

Where are we going to do **lessons**? Yes, the classroom. We're going to need a **teacher** to guide us.

To help teach everyone in **subjects** like **maths**, **art** and **English**.

**A playground... errrr a theme park? Now you can spend time with your friends and ride the Skylauncher 3000.**

**Let's practise a bit of quiet and relaxed reading after all that fun.  
Some people never learn!**
