Presenter : Good afternoon to you all and welcome to *Announcements from the North*. We have an important announcement here from the Glen area.

A young dog was lost on Monday. She is only two years old. The family were out walking in the public park when the dog went astray. She is a small spaniel and she is black and brown.

Minnie is her name and the family say that she is not cross at all but she is afraid of strangers.

The dog's owners say that the children are heart-broken that she is missing. If anyone sees Minnie around the area, contact us here at the radio station or phone the family on 0008887775 .

£50 will be given to the person who finds Minnie safe and sound.
