

# Amazing art

It's time for the **Amazing art** exhibition! But we have no art.  
Let's make some!

Crayons, pastels, felt tips, you choose.  
A lovely **landscape**. Flowing river, bright blue sky. So **scenic**.

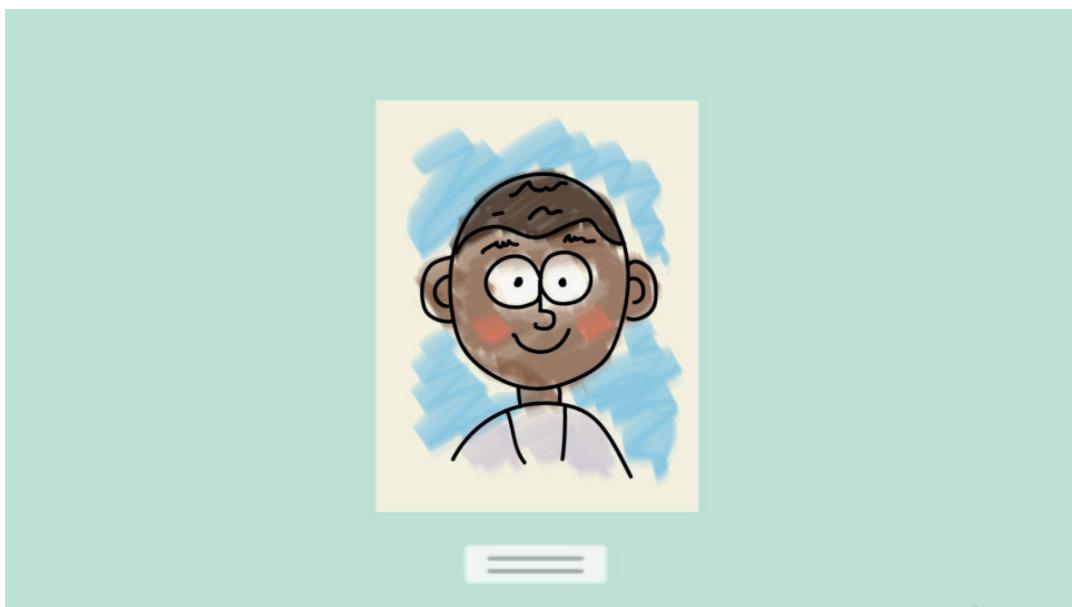

This picture is **dark** and **muddy**. Those colours make the light-house look **spooky**.

We can use those colourful crunchy leaves to make a collage.  
Glue them down and build up the **layers**.

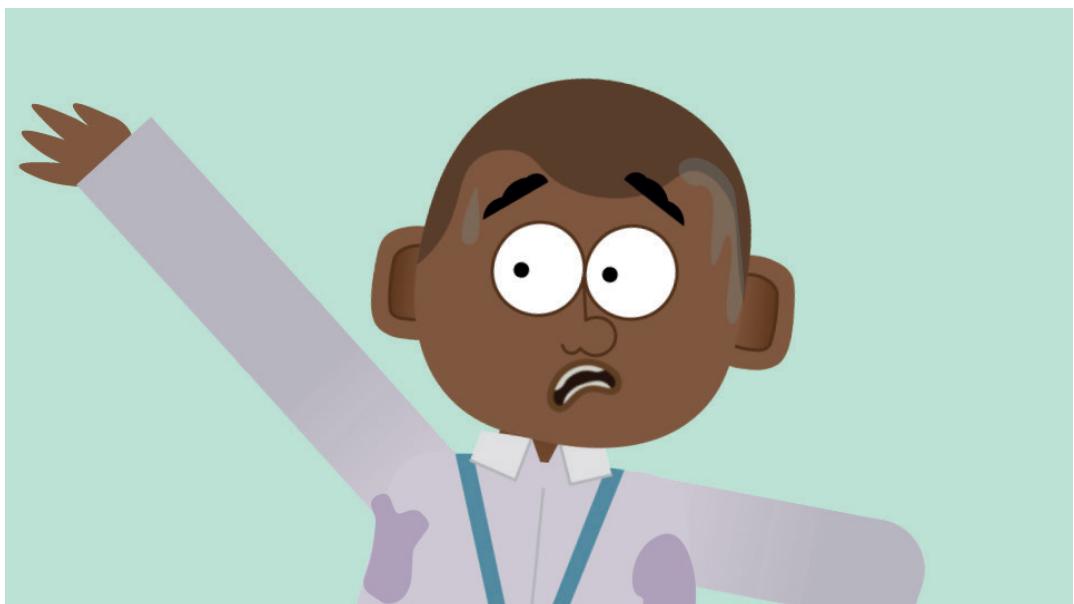

You can also paint with **swishing brush strokes** on the paper.

Is that a painting of your teacher? That makes it a **portrait**.

**A sculpture would look **marvellous**. You could make it from clay, wire or paper**

**But they can take a long time to make. Sorry!**
