Síofra : My name is Síofra and I am currently a student in St. Enda's and I am Year 11. Like every young person, I go to school every morning.

Usually, I go on the bus but I get a lift from my Father from time to time on his way to work.

We do the same subjects from week to week. There are 11 periods in total every day, including lunch.

The school day begins with form class at five past nine. I have two classes before break time and I am very hungry by break time.

Often I spend some time speaking with my school friends in the canteen and other times I walk to the school library to print out notes for my afternoon classes. The school day does not annoy me either way because I have the chance to learn new things and I have great craic and fun in the classes.

When the school day finishes, I like to walk to the shop with my friends or we go to the town centre and we meet our friends from other schools in the area.

I return home usually around half past six and I finish my homework and then I take a break and relax in front of the television with my family.
