

Talk

There are 3 animals in the park.
1 animal is a dog.
The rest are ducks.
Tell your grown-up how many ducks there are.

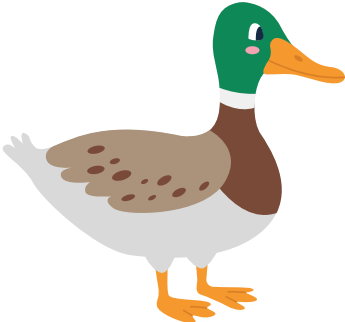

Explore

The Number Bond Sorting game

Collect 3 small objects to count.
Put the objects into 1 pile.
How many objects are in the pile?
Then, make 2 piles.
How many objects are there in each pile?
Can you arrange the piles in another way?

Draw

There are 3 animals in the park.
1 animal is a duck.
The rest are dogs.
Can you draw the correct amount of dogs to show the missing amount?

Duck	Dogs
	

= 3
