

Fractions as numbers

I Mark the lengths on the number lines.

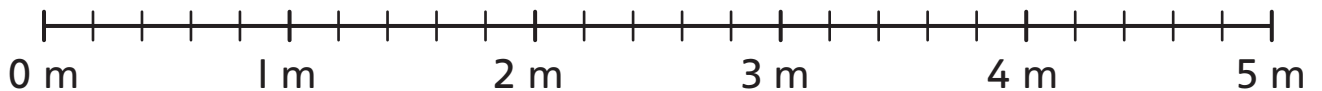

a) $3\frac{1}{5}$ m

First, I find the whole number on the number line.

Then I count on fifths.

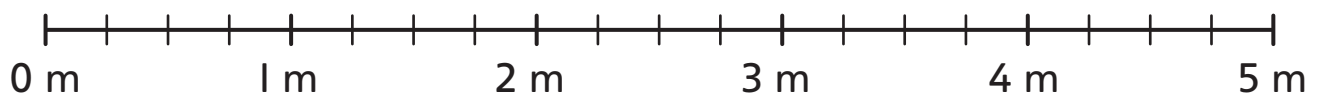

b) $2\frac{3}{5}$ m

First, I find the whole number on the number line.

Then I count on fifths.

c) $4\frac{3}{4}$ m

d) $1\frac{2}{3}$ m
