

# Spot toys from the past

Colour in this picture of a toy room from the past. How many old toys can you spot?

## You will need:

- a printer
- some colouring pencils, felt tip pens or paints

Ask your parents, carers or grandparents what toys they played with when they were your age.

## Method:

1

Ask an adult to print out the colouring sheet.

2

Colour in the toy room in your favourite colours.

3

Look at the picture and see how many old toys you can spot. Are they different from the ones that you play with now?
