

Make your own dreidel to play the dreidel game!

You will need:

A piece of thin card
Colouring pencils
Glue stick
Scissors (and an adult to help you!)
Sticky tape

Instructions:

Step 1: Colour in your dreidel.

Step 2: Cut out your dreidel template along the solid black outside line.

Step 3: Snip the five short solid black lines to make your tabs.

Step 4: Make a small incision on the spot marked 'X'.

Step 5: Fold very carefully along all the pale grey dash lines.

Step 6: Glue all the tabs onto their adjacent sides.

Step 7: Poke a pencil through the hole you made on the 'X'. If it is loose, secure it with some sticky tape.

Your dreidel is now complete!

Dreidel game instructions

How to use your dreidel:

1. Gently hold the dreidel by the straw with the point of the dreidel facing down towards the table.
2. Each side of the dreidel has a different letter on it. Spin the dreidel and see what side it lands on. This determines what move you can make:

Gimel (All)
Take everything

Nun (None)
Do nothing

Shin (Put in)
Put some in

Hay (Half)
Take half

How to play the Hanukkah game:

1. Each player starts with the same amount of currency (about 10 pieces).
2. Each player puts one piece of currency into a pile in the middle. This pile is called the 'pot'.
3. The youngest player goes first. They spin the dreidel and do what the letter on the dreidel indicates. For example, if they land on Hay, they take half of everything in the pot.
4. Then each player takes turns at having a go.
5. If the pot runs out, every player puts one currency into the pot.
6. If a player runs out of currency, they lose.

The winner is the person who ends up with all of the currency!
