

GLOSSARY

In this lesson you will come across words such as:

Fake news

False stories that appear to be news, spread on the internet or other media, by someone who may or may not know it's fake.

Peers

People who are the same age or have the same interests as you. For example, your classmates.

Misinformation

False information that the person sharing doesn't realise is false or misleading.

Disinformation

False information deliberately spread to influence public opinion or hide the other side of the story.

Regulation

Making sure a business follows official rules or laws.
