

Add by Making 10

1. The representations should be completed as:

2. A. $8 + 2 + 2 = 12$; B. $5 + 5 + 3 = 13$

3. Jordan is correct because he has created a number bond to 10 with $6 + 4$. He has added by making 10. $6 + 4 = 10 + 5 = 15$.
