

# Answers

## Activity 1

### Properties of 2D Shapes Worksheet

1 : There is more than one possible answer.

An example would be:

Box 1: 'Polygons with 3 sides', Box 2: 'Polygons with more than 3 sides', Box 3: 'Not polygons'.

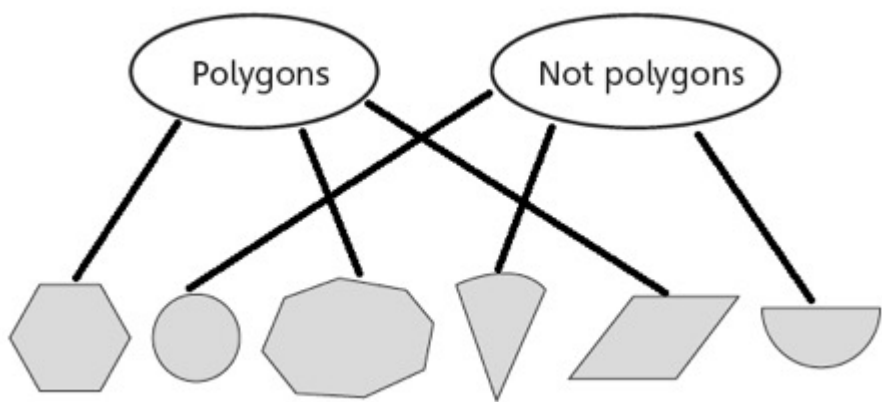

2 : A, D, E and F (same number of sides), C, B

3 : There is more than one possible way. An example would be '4 vertices' and 'Fewer than 4 vertices'.

## Activity 2

### Sorting 2D Shapes Worksheet

1.

2. The order is: F, E, B, A, C, D
