

Other people's birthdays

When talking about someone else's birthday, you need to say **l'anniversaire de**, which means 'the birthday of'.

Quelle est la date de l'anniversaire de ton père? - When is your dad's birthday? (Literally, 'what is the date of the birthday of your dad'.)

Or to simplify, you can also say:

C'est quand, l'anniversaire de ton père? - When is your dad's birthday?

L'anniversaire de Jeremy, c'est le deux avril - Jeremy's birthday is on 2nd April. (Literally, 'the birthday of Jeremy, it is 2nd April.')
