

Hip-hop hoedown

Everyone's enjoying the music, but no one's dancing.

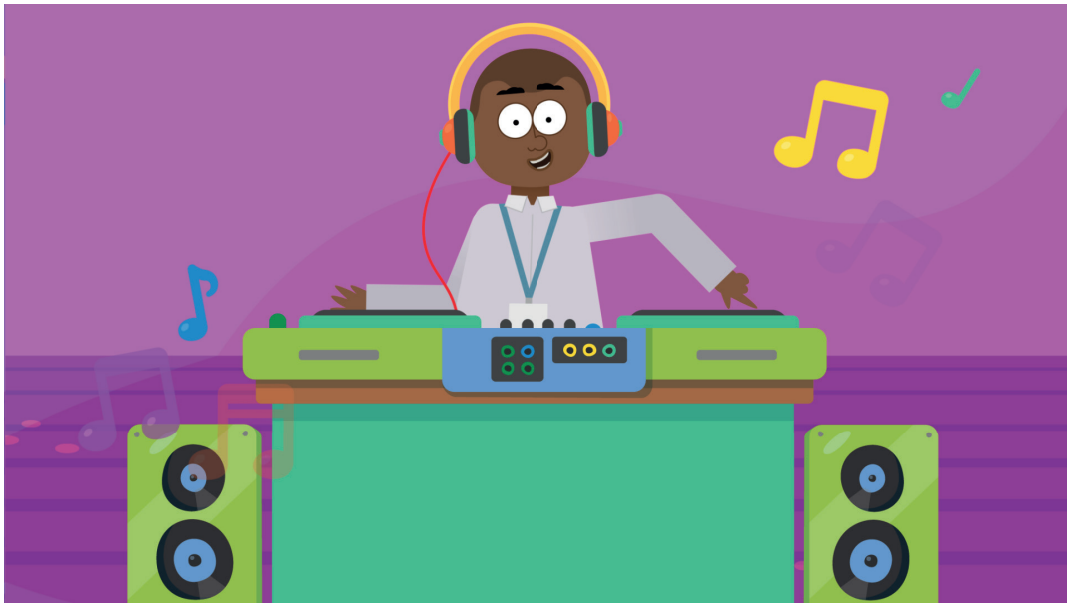

That's ok, there is no right or wrong way to dance. Its about **expressing** yourself.

We can dance to show how we feel about music, by moving in different ways.

DJ, if you will please. Everyone hit the **middle** of the dancefloor. Wow, that was exciting.

Ah yes, a **floaty** and **smooth** piece of music. We can sweep our arms in large loops. **Curl** and **swirl**, **stretch** and **whirl**.

Amazing! DJ what have you got next.

Aha yes! This music is **jerky** and **quirky**. How does it make you feel?

Excellent **energetic** dancing, how about one more.
Hip-hop hoedown amazing!

Not that kind of hop, but hey why not. Go for it!
