Caoimhe : Sílim go bhfuil míbhuntáistí ag baint leis na guthán shoghluaiste. Inné, chaith mé níos mó ná cúig uair an chloig i ndiaidh na scoile ar mo ghuthán póca.

Bhí sé go mall san oíche agus bhí turirse an domhain orm, mar sin shocraigh mé ar dhul díreach a luí agus ní dhearna mé m'obair bhaile.

Tá inní orm anois mar beidh mo mhúinteoir staire ar buile liom. Beidh mo mhamaí crosta agus bainfidh sí mo ghuthán póca díom.

Tá mé tugtha do mo ghuthán... agus don idirlíon!

Caoimhe : I think that there are a lot of disadvantages connected with mobile phones.
Yesterday, I spent more than five hours after school on my mobile phone.

It was late at night and I was very tired so I decided to go straight to bed and I didn't do my homework.

I am worried now because my history teacher will be angry with me. My mum will be cross and she will take my phone off me.

I am addicted to my phone... and the internet!
