Presenter : There was an accident this morning on the M1 from Belfast to Dublin, beside Banbridge in County Down. A big lorry hit a red car.

The accident happened around nine o'clock this morning and the road was very busy at the time. There is a traffic jam at present.

The lorry was carrying vegetables, and there are cabbages and fruit lying on the road. There was one man in the lorry and there is an ambulance on the road looking after him.

There was a man and a woman in the car and the ambulance took the woman to hospital. She broke her leg. Thank God, no one was killed. The fire brigade is there in case the petrol in the lorry explodes.
