Bonds

To 7

Talk

Ninja visits the NumBots food shop. They have 7 coins.

They buy an item with 5 coins. How many coins are left over?

Explore

The Number Bond Container game.

Find a container and 7 small soft objects.

Place the container on the floor, 7 steps away from you.

Try to throw each object into the container.

How many did you get in?

How many did you miss?

Have another go!

Draw

Tick the pairs of food that make 7.
