Craoltóir : Tá sé fuar agus fliuch ar maidin ach beidh sé geal tráthnóna.

Beidh tréimhsí gréine ann amárach i rith an lae ach beidh sé fluich san oíche.

Ar an Chéadaoin, éireoidh sé gaofar ach ní bheidh fearthainn ar bith ann.

Beidh athrú aimsire ann ar an Déardaoin mar tá stoirm ag teacht isteach ón Aigéan Atlantach.

Beidh fearthainn trom agus cloche sneachta in áiteanna ar an Aoine. Lá fluich a bheas ann don chuid is mó den tír.

Beidh sé níos measa ar an Sathairn leis an stoirm. Beidh tintreach agus toirneach san iarthar agus sa deisceart. Beidh sioc sa tuaisceart.

Tiocfaidh deireadh leis an stoirm ar an Domhnach agus ba choir go mbeadh sé tirim agus geal ar fud na tíre.

Presenter : It is cold and wet this morning. It will be bright in the afternoon.

There will be sunny spells tomorrow throughout the day but it will be wet in the night.

There will be no rain on Wednesday but it will be windy.

There will be a change of weather on Thursday because there is a storm coming in from the Atlantic Ocean.

There will be heavy rain and hailstones in places on Friday. It will be a wet day for most of the country.

It will be much worse on Saturday with the storm. There will be thunder and lightning in the west and the south. There will be frost in the north.

The storm will end on Sunday and it should be dry and bright throughout the country.
