

## CA2 Cymraeg – Writing a letter - What is a letter?

Did you put your address on top of the letter, on the right side? Here's an example of a letter with the address and the date in the correct place on the page. Your address, and the date, will be different.

Hi Cerys,

Are you ok? How are things in Carmarthen? How's your family? What have you been doing since I last saw you? I can't believe I've been up here in Aberystwyth for over a month now. Time has flied!

Well, I've finished my first week in my new school. It went ok on the whole – I've met loads of new mates and everyone's really kind. It's a nice school – but I miss everyone in my old school, of course. How's everyone? Erin and Tomos and Gwenno and Moi? Give my regards to everyone, please!

There are 25 pupils in my new class in Year 6, and you'll never believe what the name of the girl sitting next to me is... Cerys! Like you! Ha! So I have two friends called Cerys now!

Dad's enjoying his new job (thankfully, because that's why we moved in the first place!) and Mum's busy renovating the house. Macsen has also settled in well in Year 2. What are you doing over the weekend? Please, please, please write back soon!

Bye for now, and a great big hug!  
Your best friend in the whole wide world,  
Martha
